High-Capacity Vending for Modern, High-Traffic Spaces

The SmartVend Duo Fridge is the perfect vending solution for larger locations. With double the capacity of the Solo model, it offers unmatched versatility, innovation, and convenience. Stocked with fresh food, snacks, and beverages, the Duo Fridge delivers a seamless shopping experience enhanced by advanced AI technology, weight recognition, and real-time monitoring.

- Large-Capacity Design:**
Accommodates a wide range of products, from fresh salads and sandwiches to snacks, cold beverages, and non-food items.
- Cutting-Edge Recognition Technology:**
Weight-sensing capabilities with 99% accuracy ensure secure, error-free transactions.
- Smart Payment Options:**
Features AI-powered face-scan payment, card payment functionality, and other cashless solutions for quick, secure transactions.
- Integrated Cloud Management:**
Stay in control with real-time inventory tracking, sales data analytics, and remote machine monitoring through our intuitive cloud platform.
- Reliable Cooling System:**
Frost-free refrigeration and 360° air circulation maintain consistent, even cooling for product freshness.
