Barista Coffee. **Made Simple**

Overview

Experience barista-quality coffee, cup after cup with the **Barista Pro**.

Designed for smooth operation and consistent performance, this fully automatic bean-to-cup coffee machine delivers premium drinks using freshly ground beans and fresh milk.

With an intuitive touchscreen interface and commercial-grade components, the Barista Pro is the ideal solution for busy workplaces and customer environments where quality, reliability and ease of use matter.

Precision Grinding System

Durable metal burr grinders ensure consistent particle size for optimal flavour extraction.

Dual Bean Hoppers

Separate bean hoppers allow different coffee blends to be used.

Removable Brew Unit

Designed for simple maintenance and easy cleaning.

10.1" Touchscreen Interface

Large modern display designed for intuitive drink selection and easy operation.

Fresh Milk System

Integrated milk technology creates smooth, creamy milk foam for speciality drinks.

Consistent Coffee Extraction

Precision brewing technology ensures balanced flavour and consistent quality with every cup.

Barista-Style Drinks

Serve a wide range of coffee shop favourites including espresso, cappuccino, latte and flat white.

Fresh Milk Perfection

The integrated milk system produces rich, velvety foam for perfectly finished milk-based drinks.

BARISTA-QUALITY

DRINKS AT THE TOUCH OF A BUTTON

The **Vendtrade Barista Pro** delivers a wide range of coffee shop favourites using freshly ground beans and fresh milk.

Every drink is crafted automatically to ensure consistent quality, rich flavour, and the perfect finish every time.
